International Nurse's Pledge

In full knowledge of the obligations I am undertaking,
I promise to care for the sick with all the skill
and understanding I possess, without regard to
race, creed, color, politics, or social status, sparing no effort to
conserve life, to alleviate suffering and to promote health.

I will respect at all times the dignity and religious beliefs
of the patients under my care, holding in confidence
all personal information entrusted to me and refraining from
any action which might endanger life or health.

I will endeavor to keep my professional knowledge and skill
at the highest level and to give loyal support and cooperation
to all members of the health team.

I will do my utmost to honor the international code of ethics
applied to nursing and to uphold the integrity of the professional nurse.
